CLUB RETURNS TO WHITE EAGLE ROOTS

At the New Town Eagles S.C AGM for the year ended 30 October 2019 held on 25th January 2020, the members voted to officially rename the club the New Town White Eagles Soccer Club and to introduce a new emblem from 2020.

The Club was known as the White Eagle Sports Club from 1961 to 1996 when the governing body brought in rules to ban ethnic names. The name was then changed to New Town Eagles in 1997. The recent relaxation of Football Australia rules has allowed soccer clubs to once again acknowledge their ethnic background in their club logos, names and identities.

As President Grant Nutting explained, "The aim of the name change and alternate emblem is to pay respect to the founding White Eagles Sports Club and former New Town Eagles Soccer Club, whilst providing a design that is modern and representative of the Club's promising future in preparation for our 60th year anniversary in 2021."

Nutting added, "The feedback we received from past and current players and officials was extremely positive, and we couldn't be more delighted with the final result. There was a significant amount of work involved prior to the transition and it will be some time before we fully implement the changes".

The Club would like to also take this opportunity to thank Domin8 Designs for their assistance in bringing our new emblem to life.

The Club would like to thank everyone for their input and we are excited for what the future holds.
