SEASON RETURN EDGES CLOSER - RMP APPROVED

New Town White Eagles S.C is edging ever closer to a return to football action with the Club's COVID-19 Response Management Plan (RMP) now approved. The plan outlines measures that will be taken to support a safe and structured return to activities in Stage 1 of the return to training and play.

We ask that you continue to be patient and supportive of your committee so that we have the necessary time to plan for a safe training venue for our members.

Individually there is a lot we can do when training does resume.

We must take full responsibility for our own behaviour and our decision making.

We can:

- Download the CovidSafe app
- Not attend training if unwell
- Label belongings, particularly drink bottles so it is clear who owns it and not share any belongings
- Bring your own hand sanitiser in your training bag
- Comply with every aspect of our club's processes and systems by practicing social distancing, training in groups of a maximum of 10 and adopting the 'get in - train - get out' approach (no arriving early or hanging around after training)
- Recognise that the 2020 season will be very different compared to previous seasons.

Season 2020 will be shorter and compressed and training may be delivered at different times, and possibly on different days, compared to previous seasons. The same is also likely to apply if and when we progress to competition matches, so we need to manage our expectations and be prepared for a different 2020 season.

ICON GEAR READY TO ORDER

WHITE EAGLES TERRIBLE AT E-SPORTS

White Eagles S.C players entered in to Football Tasmania's FIFA20 competition all failed to make it past the round of 32 in each division despite much self professed pre-tournament fanfare.

Jamie Cook provided some entertaining scorelines & gave us an insight into his favourite website (pictured right) & Bryce Roberts had a match postponed while his opponent chased a mouse. The highly rated Danny "Deckchair" Revell failed to live up to the hype.
